

Why you should choose Cox Business Internet Wireless LAN service

If your business is looking for a cost-effective, broadband data solution that's fast, reliable and flexible, look to Cox Business InternetSM Wireless LAN. With a full range of bandwidths and prices available, Cox Business Internet service can fit the specific needs of your business and help you operate with greater efficiency. Best of all, when you add Cox Business Internet Wireless LAN to your service, your business enjoys many additional benefits:

- Our Wireless LAN enables your business to share a single Cox Business Internet connection between multiple computers without the expense of extra wiring or cabling.
- It gives you portability of wireless devices within your business, including laptops, PDAs and more.
- And our Wireless LAN service gives you the same features and robust functionality of our regular wired Cox Business Internet service, so you can manage all your company's most demanding data applications with ease and even greater flexibility.

You get:

- Flexibility. Choose from the robust features and options available with Cox Business Internet, but with the flexibility of a wireless connection.
- Security. Be confident in your wireless connection with the added security of a stateful packet inspection firewall and WEP encryption.
- Convenience. Cox Business Internet Wireless LAN is easy to use, includes an integrated modem and wireless router with four ethernet ports, and is backed by our reliable, state-of-the-art nationwide network.

How Cox Business Internet Wireless LAN service works...

Cox provides you with a one-box equipment solution: a modem, wireless router and LAN switch all in one. We call this solution our wireless gateway. This gateway enables your business to receive Cox Business Internet with the added feature of wi-fi technology on your premises. Ideal for small and medium businesses, this solution allows multiple users working from desktop computers, laptops, PDAs, and other devices to network wirelessly and access the Internet conveniently.

*Cox Business Internet Wireless LAN not available in all areas. Cox cannot guarantee uninterrupted or error-free Internet service. Actual speeds may vary since available bandwidth is shared between users and type of uses. Early termination liabilities apply. Additional restrictions apply.
