

## Why you should choose an Enterprise Connectivity Solution from Cox

*Does your business need to communicate with remote workers, customers and suppliers across the country? Does your business require a robust, dependable communications solution to power these vital connections? If the answer is yes, then choose Cox Business Services to deliver an Enterprise Connectivity Solution that is both efficient and cost-effective.*

*Powered by Cox Business Internet,<sup>SM</sup> we will deliver a wide range of benefits to your business and employees. Whether you need to give remote employees access to a private LAN, replace teleworkers' dial-up connections, connect satellite offices or replace your frame relay network, Cox can deliver a solution to fit your enterprise needs.*

### Benefits for your business

Your business will experience a range of benefits when you network branch locations and employees through Cox Enterprise Connectivity services.

- **More cost-effective.** By connecting employees and locations remotely to your corporate network, your enterprise can reduce space needs, as well as real estate and associated overhead costs. And by replacing expensive frame relay networks or private line connections with an inexpensive IP/VPN solution, you can keep network costs low.
- **Operations continuance.** With multiple locations and teleworkers in your enterprise, you want to maintain uninterrupted operations and communications, and Cox Enterprise Connectivity solutions deliver. In the event of an energy outage or catastrophic event, your enterprise will continue to function normally.
- **Reduced employment costs.** For any organization with remotely located employees, Cox Enterprise Connectivity services can deliver a range of bottom-line benefits, including reduced absenteeism, turnover and recruiting costs, and employee relocation costs. Plus, your employee pool will be expanded since you'll be able to employ anyone in any region.

- **Easy to deploy.** You'll find our solutions simple and convenient to manage with a dedicated national accounts team, 24/7 network support, web-based tools, and centralized billing options.
- **Added tax benefits.** As an extra bonus, programs at the federal and state levels offer tax benefits and credits to eligible companies who connect employees remotely. These programs reward enterprises for their initiative in helping to reduce traffic congestion and air pollution and in improving their community as a whole.
- **More reliability.** Cox's consistently reliable, self-monitored network provides a dedicated Always-On connection, enabling your employees to get connected and stay connected for improved productivity.

### Benefits for your employees

Your employees will benefit as well when you link them to your infrastructure through Cox Enterprise Connectivity services, including:

- **Increased performance.** With reduced commuting time and expenses, you'll help employees reduce distractions and maximize their working time and overall productivity.
- **Greater flexibility.** Connecting employees through Cox Teleworking services helps them to achieve a healthy balance between work and personal time. This will allow them to manage the demands of a busy schedule more effectively.
- **Increased job satisfaction.** By connecting employees remotely, you'll help deliver improved working and lifestyle conditions, which in turn increases employees' job satisfaction, commitment to their work, and loyalty to the enterprise.
